Ohio Transfer Module
September 2007 to June 2008

Lynda.com Online Software Training
2007 to present

Work Experience

Bill's Art Store
Uptown Oxford, Ohio
While at Miami, I have had the privilege of working at Bill's Art Store. As one of three employees, I am expected to be a problem-solver. I am required to know about the thousands of professional-grade artist supplies sold in the store. Customers often come in with questions about the best

the project at hand. It has been, and continues to be, a learning experience.
2008 to present

Ozone Zipline Adventures
YMCA Camp Kern
Lebanon, Ohio

For the past several years I have spent my summers working as a Canopy Tour Guide for Ozone Zipline Adventures. I was expected to memorize a lofty curriculum covering the local ecology and history. Additionally, it was my responsibility to ensure that everyone was safe during the trip. This involved equipment checks before the tour, and a keen eye in the trees for any signs of danger. It was essential to the job that all tour guides be effective leaders, and remain calm under pressure. This meant making sure the group was having fun while having complete control over their safety.
Summers 2009 and 2010

I have been continuously employed since the age of 14. Before college I was employed at the Vandalia Recreation Center and in the restaurant industry.
